Note: while many in the Mark do not purchase undress regalia, ideally you would have both sets. Dress is always worn when the Provincial Grand Master is present or at installation meetings.

If you are fortunate to be appointed to Active rank, do not purchase your past jewel till the following year, you never know if you may be re-appointed or promoted to a higher active rank or higher past rank, in which case the jewel you purchased for £30.50 will never be worn!

The likelihood is that if you have been appointed to Provincial rank, although not yet an Installed Master, you will be fortunate to be appointed as an Active Officer of the year.

The Province will supply the jewel. You need to have purchased this regalia for the time whilst you are an Active Officer but not an Installed Master, i.e. with the traditional three rosettes, after which you will need to be purchase the dress and undress Provincial regalia, which you will of course be able to installed wearing.
